

WeatherForge – Joke Book

A Spark & Anvil joke book. Groan-worthy puns, tricky riddles, silly nonsense, and real fun facts from the world of WeatherForge – read them out loud and make someone laugh.

Why did the weather report go to school?

To improve its fore-cast!

How to use this book

Read a joke, pause at the question, and try to guess the answer before you read on. Best of all: read them out loud to a friend, a grown-up, or your class. A good laugh makes the tricky stuff easier – that's real science.

Spark & Anvil is a 501(c)(3) public charity. Every app, story, and book is free, forever – no ads, no in-app purchases, no tracking. Released under Creative Commons BY-NC-SA 4.0 for educational reuse.

Puns

Why did the weather report go to school?

💡 To improve its fore-cast!

What did one raindrop say to the other?

💡 "Two's company, three's a cloud!"

Why did the tornado break up with the hurricane?

💡 Because it was a twisted relationship!

What's a cloud's favorite type of music?

💡 Thunder and lightning -- it's electric!

Why was the barometer so popular?

💡 It always knew what pressure everyone was under!

What did the fog say to the ground?

💡 "I mist you!"

Why did the meteorologist bring a bar of soap to work?

💡 To watch the weather lather!

What's a hurricane's favorite game?

💡 Twister!

Why did the snowflake feel special?

💡 Because no two are alike -- now that's a flake with character!

What did the thermometer say to the graduated cylinder?

💡 "You may have graduated, but I have more degrees!"

Why was the wind so rude?

💡 It kept breaking wind!

What did the hailstone say when it hit the ground?

💡 "That was an ice landing!"

Why did the weather station get promoted?

💡 It had outstanding performance under pressure!

What's a lightning bolt's favorite type of car?

💡 A Thunderbird!

Why was the cumulus cloud such a good comedian?

💡 It was always building up to something!

What did the rain say to the umbrella?

💡 "You're always covering for me!"

Why did the climate scientist bring a suitcase?

💡 Because the climate was changing!

What do you call a sunny day that follows two rainy days?

💡 Monday!

Why was the jet stream always in a hurry?

💡 It had miles to go and places to blow!

What's a meteorologist's favorite social media?

💡 InstaWeather -- where every post is a front-page story!
