

Measurepals — Concept

Poster

Print this and pin it up — an at-a-glance map of the Measurepals cast and the ideas each one carries. Come back to it whenever you want to remember who teaches what.

Meet the cast — and what each one teaches

Character	What they carry
Inchy	Length (hero) — an inchworm who measures by stepping its own body along, end to end.
Tock	Time — a tidy tortoise whose shell is a clock; she helps you read the hands.
Penny	Money — a magpie who collects and counts coins by how much they're worth.
Stax	Graphs — a beaver who stacks logs into bars, turning counts into a chart you can read.
