

Spectrumcanvas — Concept Poster

Print this and pin it up — an at-a-glance map of the Spectrumcanvas cast and the ideas each one carries. Come back to it whenever you want to remember who teaches what.

Spark & Anvil is a 501(c)(3) public charity. Every app, story, and book is free, forever — no ads, no in-app purchases, no tracking. Released under Creative Commons BY-NC-SA 4.0 for educational reuse.

Meet the cast — and what each one teaches

Character	What they carry
Pool	The wash — the controlled spread of watercolor / wet pigment across a surface (the foundational fluid-art gesture; the moment a single drop becomes a shape)
Cradle	The composition cradle — the balance of weight and negative space on a canvas (where heavy / light elements rest and where the eye can rest)
Hum	The color-emotion mapping — the assigning of feelings to color zones (central to SpectrumCanvas's emotion palette feature: which colors feel like which emotions, per learner)
Soften	The sensory-soften gesture — any move that reduces visual / textural stimulation when it gets high (lower contrast, reduce saturation, calm the line weight, soften the edges)
Weave	The collage weave — the layered overlay of textures + photos + drawn elements (central to social-story illustration and to multi-media composition)

Key ideas at a glance

The big concepts this cast helps you master:

- Color Theory
 - Art Elements
 - Creative Expression
 - Digital Art
 - Patterns and Symmetry
 - Art History
 - Composition & Design
 - Multimedia Creation
 - Inclusive Art & Expression
