## Meet the cast — and what each one teaches

| Character     | What they carry                                                                                       |
|---------------|-------------------------------------------------------------------------------------------------------|
| <b>Hatch</b>  | Guess-then-find-out (hero) — a curious just-hatched chick who predicts what will happen, then checks. |
| <b>Blink</b>  | Light — a firefly whose glow shows how we can only see things when there's light.                     |
| <b>Rattle</b> | Sound — a woodpecker whose drumming shows that sound comes from things that shake.                    |
| <b>Frost</b>  | Changing matter — an ice friend who melts and freezes again, showing what can and can't go back.      |
